Singham Full Movie Free Download [EXCLUSIVE] 3gp

Singham 2 Full Movie Free Download MP4Q: Why does the DOM attribute "href" work only once on the same page? I'm making a small website where I make some "links" and i want the user to click multiple times on those links. So I made multiple div "infoboxes" with the content "Click on me to see the page", the problem is only the first div with the infobox that is loaded from the server-side can get the HTML given with the href attribute. For example Page 1 : Click on the infobox on page 2 : Click on the infobox on page 3 : Click on the infobox on page 1 again. I don't want this, I only want the "infoboxes" to appear on the same page to the user. var href = $("div#infobox").attr('href'); console.log(href); $(href).appendTo("#infoboxes_div"); What's the problem? I've made a JSFiddle. A: It is because the infoboxes are loaded from the server and not on the same page, they are loaded on different page requests, so the DOM changes and hence you don't get the results you expect Q: Conditional в pattern в js Имеется путь к файлу на месте Pattern.compose({"a":"b"}). Как написать условие, если правило не соответствует условию оно не срабатывает, а правила скопируются на новый массив путей и срабатывает? var paths = ['path/to/file/A', 'path
